

P906 - A2 Gas Filter Universal Thread (Pk6)

Collection: Respiratory Protection

Range: PPE

Materials: ABS

Inner Pack: 6

Outer Carton: 6

Product information

The P906 filter is an anti-gas filter that protects against contaminant gases. It is equipped with a standard DIN threaded connection conforming to EN 148-1 and can be used on full face masks equipped with the same standard connection. This gas filter protects from organic gases and vapours where the boiling point is higher than 65°C. Classified as a class 2 filter, it can be used to protect against harmful substances, solvents and gases.

Respiratory Protection

The Portwest industrial range of disposable and reusable respirators includes Half Masks and Full Face Masks designed to offer the most comfortable and best fitting products in the marketplace. Conforming to EN standards EN149 (Particulate Filtering Half Masks), EN140 (Half Masks) and EN136 (Full Face Masks). Complete with a full range of interchangeable filter options on the Half and Full Face Mask styles. EN14683 (Medical Masks) and 2 or 3 layer Fabric Face Coverings with antibacterial styles are also available within the range.

PPE

Portwest Head PPE range applies the latest standards to deliver the highest level of protection. Comfortable and lightweight, the PPE range will ensure a pleasant wear, even for long periods of use. Your safety is our mission.
